Child Abuse Prevention Policy (Page 1 of 2)

The priority of Boys & Girls Clubs of the Kenai Peninsula is the physical and emotional safety of its members, staff, and volunteers. Boys & Girls Clubs of the Kenai Peninsula maintains a zero-tolerance policy for child abuse.

Boys & Girls Clubs of the Kenai Peninsula implements policies and procedures for members, employees, volunteers, visitors or any victims of sexual abuse or misconduct to report any suspicion or allegation of abuse.

DEFINITIONS

One-on-Contact Prohibition: Boys & Girls Clubs of the Kenai Peninsula prohibits isolated one-on-one interaction between Club participants and staff or volunteers, including board members. This includes prohibiting one- on-one contact at any time at the Club, in vehicles or by phone, text, social media or any other means.

Exceptions may only be made when delivering approved medical or counseling services by a licensed, trained therapist or similar professional according to professional guidelines. All staff and volunteers, including minor staff (under age 18), are strictly prohibited from meeting Club participants outside of any Club-sponsored activities. The only exception to this rule is if the Club participant is a child or sibling of a staff member or volunteer.

Child abuse is when an adult or another child, whether through action or by failing to act, causes serious emotional or physical harm to a child. Sexual abuse or misconduct may include but is not limited to:

- Any sexual activity, involvement or attempt of sexual contact with a person who is a minor (under 18 years old).
- Sexual activity with another who is legally incompetent.
- Physical assault or sexual violence, such as rape, statutory rape, abuse, molestation, or any attempt to commit such acts.
- Unwanted and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, brushing, massaging someone's neck or shoulders and/or pulling against another's body or clothes.
- Inappropriate activities, advances, comments, bullying, gestures, electronic communications, or messages (e.g., by email, text, or social media).

Grooming is when someone builds an emotional connection with a child to gain their trust for the purposes of sexual abuse, sexual exploitation, or trafficking. Grooming behaviors may include but are not limited to:

- Targeting specific youth for special attention, activities, or gifts.
- Isolating youth from family members and friends physically or emotionally. This can include one-on- one interactions such as sleepovers, camping trips and day activities.
- Gradually crossing physical boundaries, full-frontal hugs that last too long, lap sitting or other "accidental" touches.

MANDATED REPORTING

Every staff member or volunteer of Boys & Girls Clubs of the Kenai Peninsula who becomes aware of or has suspicion of child abuse or neglect must immediately report to Club leadership. Club leadership is responsible for reporting the incident immediately to the appropriate authorities according to statewide mandated reporting laws, as well as to Boys & Girls Clubs of America (BGCA) within 24 hours via the critical incident system.

Child Abuse Prevention Policy (Page 2 of 2)

Boys & Girls Clubs of the Kenai Peninsula conducts and reports through a BGCA-approved process the following training for all staff members and volunteers with direct repetitive contact with young people (at the intervals noted for each).

Before providing services to young people, and annually thereafter:

1. BGCA-approved child abuse prevention
2. BGCA-approved mandated reporting

Boys & Girls Clubs of the Kenai Peninsula prominently displays BGCA-approved collateral that shares ethics hotline, crisis textline and safety helpline information with members, staff, volunteers, and families. We also share all safety policies with parents and guardians upon receiving a youth membership application.

Prohibition of Private One-on-One Interaction Policy (Page 1 of 3)

Boys & Girls Clubs of the Kenai Peninsula is committed to providing a safe environment for members, staff, and volunteers. To further ensure their safety, the organization prohibits all one-on-one interactions between Club members and staff and volunteers (including board members). All staff and volunteers must abide by the following:

- Ensure all meetings and communications between members and staff or volunteers are never private (see definition below).
- Ensure in-person meetings take place in areas where other staff and/or members are present.
- Communicate to another staff member whenever an emergency arises that necessitates an exception to this policy.
- Never initiate private or isolated one-on-one contact with a member.
- Never have a private or isolated meeting or communication with a member. This includes in-person meetings and virtual communications such as texting, video chat and social media between only a staff member or volunteer and a single member.
- Never transport one Club member at a time. This includes transportation in Club or leased vehicles.

Exceptions may only be made when delivering medical or counseling services by a licensed, trained therapist or similar professional. All exceptions shall be documented and provided to Club leadership in advance.

If an emergency arises that necessitates an exception to this policy, the emergency exception shall be communicated to Club leadership as soon as practicable, and ideally before engaging in one-on-one interaction.

ONE-ON-ONE INTERACTION POLICY GUIDANCE

The following guidance should be used when implementing related policies and procedures.

Definition of one-on-one interaction

One-on-one interaction is defined as any private contact or communication (including electronic communication) between any Club participant and an adult, including adult staff, minor staff, volunteers, board members and others who might encounter members during regular programming and activities.

- **Private** contact/communication is any communication, in person or virtual, that is between one youth member and one adult (18 or over) that takes place in a secluded area, is not in plain sight and/or is done without the knowledge of others. Private places can include but are not limited to vehicles, rooms without visibility to others, private homes, and hotel rooms. Examples of private contact include but are not limited to:
 - Meeting behind closed doors (in rooms without windows or visible sightlines) or any spaces that are not visible to others.
 - One staff member transporting one member in a vehicle.
 - Electronic communications (text, video, social media, etc.) between one member and one staff member or volunteer.
- **Public contact/communication** is any communication or meeting, in person or virtual, that is between at least three individuals, including two staff and one member, one staff and two members or variations of these combinations. Examples of public contact include but are not limited to:
 - Meeting in plain sight of others (e.g., in a quiet corner of an active games room).
 - Transporting members via public transportation (bus, taxis, train, air, etc.) or transporting multiple members.
 - Electronic communications (text, video, social media, etc.) between multiple members and adults (e.g., group chats).

Prohibition of Private One-on-One Interaction Policy (Page 2 of 3)

- Public places can include but are not limited to buses, airports, shopping malls, restaurants, and schools.

Impact on mentoring programs

Mentorship is a key component of Boys & Girls Club programming and has tremendous positive impact on members. Prohibition of one-on-one interaction does not have to negatively affect mentor programs and/or relationship building. Mentors can adjust their practices to include:

- Holding mentor and coaching sessions in areas where other staff and/or members are present or can see you – for example, in large rooms where meetings are visible but not heard.
- Copying parents, staff, or other members (when appropriate) on written and/or electronic communications.
- Scheduling meetings during Club hours and at the Club site.
- Documenting interactions between mentors and youth.

Impact on partnerships with local mentoring organizations

- All local mentors are required to abide by Club policies, including background check requirements and prohibition of one-on-one interaction.
- External mentors are required to abide by all Club safety policies and procedures.
- A written agreement should be in place to determine how and when the external organization assumes custody and responsibility of the member; these procedures should be clearly communicated to parents or guardians.
- Every interaction between mentor and youth will be documented and maintained

Impact on travelling to off-site events and activities

- When travelling to external events such as Keystone, Youth of the Year or other off-site events, the one-on-one policy shall continue to be followed.
- Should the Club take responsibility for transporting members to and/or from an event, one staff member should not transport one single child at any time in a vehicle. Accommodations shall be made to ensure at least three people (two staff and one member or one staff and two members) are together when traveling. As an alternative, public transportation may be used (e.g., taxi, Uber, public transport).
- If this arrangement presents staffing or budget challenges, consider the following:
 - Inviting parents or guardians to attend and/or chaperone their child.
 - Including additional youth (e.g., Junior Youth of the Year) and/or staff in travel plans.
 - Coordinating with other Clubhouses or nearby organizations to travel together.
 - Travelling with additional staff or members.
- Parents and guardians should also provide written consent in each instance in which a member travels to any off-site event. NOTE: Parents or guardians are never allowed to provide consent for one-on-one interaction.
- Similar practices should be in place when coordinating field trips.

Impact on transportation to and from the Club

- When transporting members to and/or from a Club-sponsored event or activity, single members should not be transported alone with one staff person.
- Consider the following to accommodate single children:
 - Modify bus or van routes so single children are not picked up first or dropped off last.
 - Use a bus aide if available.
 - Pick up and drop off children in groups.

Prohibition of Private One-on-One Interaction Policy (Page 3 of 3)

- Modify staff schedules to ensure multiple staff are present.

Exceptions to policy

Exceptions to the one-on-one policy can be made under the following circumstances:

- When delivering medical or counseling services by a licensed, trained therapist or similar professional (e.g., counselors, social workers).
- When the emotional or physical safety of a member is at risk and a private, one-on-one communication is deemed necessary by Club leadership.
- In emergency situations that could create a safety risk, exceptions can be made (e.g., if a member is not picked up by a parent and leaving them alone at the Club could be a safety risk).

Should exceptions need to be made, the Club shall have policies in place to monitor interactions, including but not limited to:

- Disclosing the meeting to Club leadership and regularly checking in with the member and adult during conversations.
- Placing time limits on conversations.
- Meeting in rooms with clear sight lines (e.g., rooms with windows or glass doors).
- Documenting the interaction.
- In an emergency, disclosing the situation to another staff member before engaging in one-on-one interaction.

Supervision and Facilities Policy (Page 1 of 2)

SUPERVISION

Boys and Girls Clubs of the Kenai Peninsula is committed to providing a safe environment. All Club activities and program spaces shall always be under continuous supervision by sight or sound (for restroom supervision) by an appropriate adult staff (18 or over). To ensure appropriate supervision, staff, and volunteers:

- Must ensure that at least one adult staff (18 and over) is present when supervising members.
- Must always maintain proper supervision ratios.
- Must be trained on appropriate supervision tactics and behavior patterns.

RESTROOM USAGE

Boys & Girls Clubs of the Kenai Peninsula is committed to providing a safe, clean environment and enforces the following restroom policy for members, staff, volunteers, and other adults.

- There will be either a designated adult restroom or procedures to ensure adults and minors never utilize a restroom at the same time.
- Club will either have single-user restrooms or multi-user restrooms with single stalls that can be secured from the inside.
- When using restrooms at public facilities during field trips, a minimum of three youth will be escorted by one staff member, who will wait outside the main entrance of the restroom.

RESTROOM MONITORING

Restrooms shall be regularly monitored by staff. Monitoring includes walk-throughs, inspections and/or any (but not necessarily all) of the best practices outlined below:

- Implementing procedures to limit the number of children using restrooms at the same time.
- Prohibiting younger children and teens from sharing a restroom.
- Positioning staff near restroom entries to maintain auditory supervision of space.

Staff observing unacceptable restroom conditions or incidents shall:

- Immediately notify Club leadership of the incident.
- Document, in writing, restroom conduct incidents and report them to Club leadership as soon as possible in compliance with the Club's Incident Reporting Policy.

ENTRANCE AND EXIT CONTROL

All facility entries and exits shall be controlled and monitored by paid adult staff (18 or over) during all hours of operation, along with a system to monitor and track everyone who is in the facility.

All exit doors shall have an audible alarm to discourage unauthorized use to exit or enter the facility.

Only designated adult staff (18 or over) shall be authorized to possess keys and/or badges to open any facility. If an employee is supervising a scheduled activity, they shall be responsible for the security of their program space.

Supervision and Facilities Policy (Page 2 of 2)

FACILITY CONDITION

All program spaces shall have clear lines of visibility and be monitored by adult staff when in use. Areas that are not in use shall remain locked and only accessible by adult staff.

All interior and exterior spaces, hallways, stairs, and stairways shall be monitored, maintained, well-lit, clean, and free of hazards and obstructions. All storage closets and other unused spaces are to be locked during operational hours.

Damages to facilities shall be repaired in a reasonable manner. Damages that pose imminent risk to the health and safety of members, staff or volunteers shall be repaired immediately. If immediate repair to damage that poses imminent risk is not possible, Club leadership shall determine whether temporary or permanent closure of the facility may be required. Any damage to a facility that results in an incident deemed critical to the organization shall be reported to the appropriate authorities as a critical incident.

FOOD AND DRINK

Any distribution, preparation, or consumption of food and/or drink at any facility shall comply with all applicable food services sanitation and public health codes. If food is prepared and served on site, required city or county health department inspection certificates shall be posted. Any dangerous kitchen utensils, including knives, shall be properly and securely stored.

Screening and Onboarding Policy (Page 1 of 2)

Boys & Girls Clubs of the Kenai Peninsula is committed to selecting and retaining effective staff and volunteers to serve our youth. As part of the selection process and in accordance with state background check regulations, background checks and screening procedures are conducted in accordance with this policy.

BACKGROUND CHECKS

Boys & Girls Clubs of the Kenai Peninsula conducts criminal background checks of all employees, including minors; board volunteers and others who serve on a standing committee; and all other volunteers, including partners and minors, who have direct repetitive contact with minors.

Such checks will be conducted prior to employment and at regular intervals not to exceed twelve months.

All background check findings shall be considered when making employment or volunteer decisions, and Boys & Girls Clubs of the Kenai Peninsula will not employ potential staff or engage potential volunteers if such individual:

Should candidates for employment have previous experience with a Boys & Girls Club, information on the candidate's eligibility for rehire/volunteering must be obtained from all previous Boys & Girls Clubs for which the candidate worked prior to extending an offer for employment or volunteer service. Additionally, Boys & Girls Clubs of the Kenai Peninsula provides reference materials when asked by other Member Organizations.

Drug- and Alcohol-Free Workplace Policy (Page 1 of 2)

DRUG AND ALCOHOL POLICY

Boys & Girls Clubs of the Kenai Peninsula is committed to providing a safe environment for members, staff, and volunteers. To further ensure their safety, the organization maintains a drug- and alcohol-free workplace. The unlawful or improper use of drugs – including marijuana, controlled substances, or alcohol in the workplace – presents a danger to everyone. The organization also has a duty to comply with the requirements of the Drug-Free Workplace Act of 1988.

- Employees are prohibited from reporting to work or working while under the influence of alcohol and/or illegal or unauthorized drugs.
- Employees are prohibited from reporting to work or working when the employee is using any legal drugs; exceptions can be made in accordance with state law when the use is pursuant to a doctor's orders and the doctor has advised the employee that the substance does not adversely affect the employee's ability to safely perform his or her job duties. Employees taking any legal drugs that potentially affect job safety or performance are responsible for notifying their supervisor and/or Club leadership so that a determination of job performance or a reasonable accommodation can be made. An employee may not be permitted to perform his or her job duties unless such a determination or reasonable accommodation has been made.
- Employees are prohibited from engaging in the unlawful or unauthorized manufacturing, distribution, dispensing, sale or possession of illegal drugs and alcohol in the workplace, including on organization paid time, on organization premises, in organization vehicles or while engaged in organization activities.
- Employees must notify their supervisor and/or Club leadership immediately of any criminal drug or alcohol violation.
- Employment with the organization is conditional upon full compliance with the foregoing drug- and alcohol-free workplace policy. Any violation of this policy might result in disciplinary action, up to and including discharge.

Boys & Girls Clubs of the Kenai Peninsula further reserves the right to take any and all appropriate and lawful actions necessary to enforce this drug- and alcohol-free workplace policy, including but not limited to the inspection of organization-issued lockers, desks, or other suspected areas of concealment, as well as an employee's personal property when the organization has reasonable suspicion to believe that the employee has violated this policy.

SMOKING POLICY

Boys & Girls Clubs of the Kenai Peninsula will comply with all applicable federal, state, and local regulations regarding non-smoking in the workplace in order to provide a work environment that promotes productivity and the well-being of its employees. Smoking in the workplace can adversely affect members, employees, and volunteers. Accordingly, smoking is restricted at all its facilities.

Smoking is defined to include the use of any tobacco-containing products, including cigarettes, cigars, and pipes, as well as the use of electronic cigarettes (e-cigarettes) and vaporizers.

The smoking policy applies to employees, volunteers, and members while on Club premises or during Club activities (on or off site).

REASONABLE SUSPICION

Staff and or volunteers shall immediately notify Club leadership of any action by an employee or volunteer who demonstrates an unusual pattern of behavior suggesting that they are under the influence of drugs or alcohol. Club leadership will determine whether the employee should be examined by a physician or clinic and/or tested for drugs or alcohol in accordance with the Club's drug-testing policies. Employees and volunteers believed to be under the influence of drugs or alcohol will be required to leave the premises. Any illegal drugs or drug paraphernalia will be turned over to the appropriate law enforcement agency and may result in criminal prosecution.

Drug- and Alcohol-Free Workplace Policy (Page 2 of 2)

Examples of behavior suggesting that employees or volunteers are under the influence of drugs or alcohol include but are not limited to:

- Odors (smell of alcohol, body odor or urine);
- Movements (unsteady, fidgety, dizzy);
- Eyes (dilated, constricted or watery eyes or involuntary eye movements);
- Face (flushed, sweating, confused or blank look);
- Speech (slurred, slow, distracted mid-thought, inability to verbalize thoughts);
- Emotions (argumentative, agitated, irritable, drowsy);
- Actions (yawning, twitching); or
- Inactions (sleeping, unconscious, no reaction to questions).

Unusual patterns of behavior that may suggest drug or alcohol misuse include but are not limited to:

- Repeatedly calling in sick;
- Being absent directly before or after holidays and weekends;
- Repeatedly damaging inventory or failing to meet reasonable work schedules; and
- Being involved in frequent accidents that can be related to the use of drugs or other substances.

INSPECTION AND TESTING

Boys & Girls Clubs of the Kenai Peninsula reserves the right to take any and all appropriate and lawful actions necessary to enforce this drug- and alcohol-free workplace policy, including but not limited to the inspection of organization-issued lockers, desks or other suspected areas of concealment, as well as an employee's personal property when the organization has reasonable suspicion to believe that the employee has violated this drug- and alcohol-free workplace policy (see "Reasonable Suspicion" above).

Screening, testing and security measures may be used as methods of enforcement, as permitted by applicable state law. It is a violation of this policy to refuse to submit to testing. Tests that are paid for by the organization are the property of the organization, and the examination records will be treated as confidential and held in separate medical files. However, records of specific examinations will be made available, if required by law or regulation, to the employee, persons designated and authorized by the employee, public agencies, relevant insurance companies and/or the employee's doctor.

PRESCRIPTION MEDICATION AND LEGAL DRUGS

Employees and volunteers are prohibited from reporting to work or working when using any legal drugs, except when the use is pursuant to a doctor's orders and the doctor has advised the employee or volunteer that the substance does not adversely affect the employee's or volunteer's ability to safely perform his or her duties.

Employees and volunteers taking a legal drug, such as prescription medication or medical marijuana, that potentially affects job safety or performance are responsible for notifying their supervisor and/or Club leadership so that a determination of job performance or reasonable accommodation can be made. An employee/volunteer may not be permitted to perform his or her job duties unless such a determination or reasonable accommodation is made.

Incident Reporting Policy (Page 1 of 3)

Clear reporting policies and procedures are an important element in responding to incidents that might occur in Clubhouses. Staff and volunteers must at a minimum immediately report and document all safety incidents that might affect staff, volunteers, members, and others who visit Clubhouses.

GENERAL INCIDENT DESCRIPTION

Safety incidents can include but are not limited to:

- Inappropriate activity between adults (18 and over) and youth;
- Inappropriate activity between multiple youth;
- Allegations of abuse;
- Bullying behavior;
- Inappropriate electronic communications between adults (18 or over) and youth;
- Minor and major medical emergencies;
- Accidents, including slips and falls;
- Threats made by or against staff, volunteers and/or members;
- Physical assaults and injuries, including fights;
- Missing children;
- Criminal activity, including theft and robbery; and
- Other incidents as deemed appropriate by Club leadership.

Safety incidents include those that occur during Club programs, on Club premises and/or during a Club-affiliated program or trip.

INTERNAL INCIDENT REPORTING

All staff and volunteers are required to complete an internal incident report for all accidents, injuries*, or other incidents. The incident report must be completed before the end of the employee's shift unless otherwise directed by an immediate supervisor. Reports should be forwarded to the supervisor and HR department for record retention.

An incident report provides a permanent record of any unusual activity that occurs at a clubhouse or during Club activities. It is an internal document that is used by many departments to improve the services that we provide to members and the community:

- **Human Resources** – An incident report is used by HR to develop new staff training and to help protect staff and volunteers in the case of a complaint about them.
- **Maintenance** – Maintenance notes any problems with the facilities or vehicles in order to make repairs to the building and equipment. They also utilize incident reports to anticipate problems and try to prevent future injuries or property damage.
- **Safety Committee** – Will review incident reports to make policy decisions to protect our members and to suggest training topics for staff in order to prevent future incidents.

What should be reported – only facts!

Incident: Describe what happened and who was involved.

Location: Describe the location precisely, to eliminate any confusion about where the incident took place. Sketching a map or taking a picture is a good idea.

Witnesses and contact information: Should the incident result in a later claim, it can take a long time before questions are asked. It is important to list witnesses' full names and their contact information so they can be contacted at a later date.

If it is not written down, it did not happen: If a cut was cleaned before bandaging, checked for circulation, or the member is examined for other injuries, write it down. Be as detailed as possible. People forget, and if an incident is called into question later, failing to document completely could present problems.

Incident Reporting Policy (Page 2 of 3)

All incident reports must be turned into Director of Operations/Human Resources daily.

Parental contacts: Note on the incident report who was contacted and what their reaction was when contacted. It is easier to deal with a situation if the reaction of the parent or guardian is noted. If a parent is extremely upset about an incident, or wants more information, please provide them with HR's contact information.

***Injuries may be categorized as:**

- **Minor-** minor bumps, scrapes, and bruises. Child returns to program activity without further care or concern.
- **Major-** injuries that require the child be picked up by parent or guardian. May include, but not limited to, joint sprains, possible concussion, cuts or abrasions that require stitches, and other muscle or skeletal injuries that require medical attention
- **Critical-** critical injuries require immediate emergency medical services such as EMS, or serious injuries that lead to a hospital stay. All critical injuries must be reported as critical incidents.

EXTERNAL INCIDENT REPORTING

Boys & Girls Clubs of the Kenai Peninsula follows all applicable mandated reporting statutes and regulations and all applicable federal, state, and local laws (including those around licensing, for licensed childcare) for the protection and safety of youth.

Types of incidents reported externally to the appropriate law enforcement or government agencies include but are not limited to:

- Inappropriate activity between adults (18 or over) and youth;
- Inappropriate activity between multiple youth;
- Allegations of child abuse;
- Any form of child pornography;
- Criminal activity, including assault, theft, and robbery; or
- Children missing from the premises.

INCIDENT INVESTIGATION

Boys & Girls Clubs of the Kenai Peninsula takes all incidents seriously and is committed to supporting external investigations of all reported incidents and allegations or internal investigations by the Safety Committee when not an externally reportable incident.

Federal, state, and local criminal and or mandated child abuse reporting laws must be complied with before any consideration of an internal investigation. The internal investigation should never be viewed as a substitute for a required criminal or child protective services investigation.

In the event that an incident involves an allegation against a staff member, volunteer or Club member, the Club shall suspend that individual immediately (employees with pay) and maintain the suspension throughout the course of the investigation.

Incident Reporting Policy (Page 3 of 3)

CLUB MEMBER USAGE

Before a member will be allowed to use Club technology equipment or their personal device, both the member and his/her parent/guardian will need to read and sign the Technology Acceptable Use policy and return it to the Club. Under the Technology Acceptable Use policy, the following relevant principles shall apply:

Club devices shall include any and all Club-owned existing and/or emerging technologies and devices that can take photographs, play, and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Personally owned devices shall include any and all member-owned existing and/or emerging technologies and devices that can take photographs, play and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images. Any Club Unit may elect to not allow personal device use in their site/unit.

Club purposes shall include program activities, career development, communication with experts and/or Club peer members, homework, and Club activities. Members are expected to act responsibly and thoughtfully when using technology resources. Members bear the burden of responsibility to inquire with staff when they are unsure of the permissibility of a particular use of technology prior to engaging in its use.

Authorized use: Club devices and personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of Club devices or personally owned devices in locker rooms, restrooms, and other areas where there is an expectation of privacy.

Appropriate use: Members may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. Any inappropriate use of a Club or personally owned device, as determined by Club staff, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

Monitoring and inspection: Boys & Girls Clubs of the Kenai Peninsula reserves the right to monitor, inspect, copy, and review any personally owned device that is brought to the Club. Parents/guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection. Parents/guardians may refuse to allow such inspections. If so, the member may be barred from bringing personally owned devices to the Club in the future.

Loss and damage: Members are responsible for keeping devices with them at all times. Staff are not responsible for the security and condition of the member's personal device. Furthermore, the Club is not liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Any inappropriate or unauthorized use of a Club or personally owned device, as determined by Club staff, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies, including, if applicable, referral to local law enforcement.

Members must be aware of the appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public or private messages, as well as material posted online. Inappropriate communication includes but is not limited to the following:

- Obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language or images typed, posted, or spoken by members;
- Information that could cause damage to an individual or the Club community or create the danger of disruption of the Club environment;
- Personal attacks, including prejudicial or discriminatory attacks;
- Harassment (persistently acting in a manner that distresses or annoys another person) or stalking of

Technology Acceptable Use Policy (Page 2 of 5)

others;

- Knowingly or recklessly posting false or defamatory information about a person or organization; or
- Communication that promotes the destruction of property, including the acquisition or creation of weapons or other destructive devices.

If a member is told to stop sending communications, that member must cease the activity immediately.

Cyberbullying: Members may not utilize any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. This behavior is cyberbullying, which is defined as bullying that takes place using emerging technologies and devices. Any cyberbullying that is determined to disrupt the safety and/or well-being of the Club, Club members, Club staff or community is subject to disciplinary action.

Examples of cyberbullying include, but are not limited to:

- Harassing, threatening or hurtful text messages, emails, or comments on social media.
- Rumors sent by email or posted on social networking sites.
- Embarrassing pictures, videos, websites, or fake profiles.

Members may not attempt to gain unauthorized access to the Club's network, or to any other computer system through the Club's network. This includes attempting to log in through another person's account or accessing another person's files. Members may not use the Club's network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco, or other drugs; engaging in criminal activity; or threatening the safety of another person. Members may not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.

Monitoring and inspection: Boys & Girls Clubs of the Kenai Peninsula reserves the right to monitor, inspect, copy, and review files stored on Club-owned devices or networks. In addition, Boys & Girls Clubs of the Kenai Peninsula reserves the right to inspect and/or review personally owned devices that are brought to the Club.

Furthermore, the Club shall not be liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Parental notification and responsibility: While the Boys & Girls Clubs of the Kenai Peninsula Technology Acceptable Use Policy restricts the access of inappropriate material, supervision of internet usage might not always be possible. Due to the wide range of material available on the internet, some material might not fit the particular values of members and/or their families. Because of this, it is not considered practical for Boys & Girls Clubs of the Kenai Peninsula to monitor and enforce a wide range of social values in student use of the internet. If parents/guardians do not want members to access information beyond the scope of the Technology Acceptable Use Policy, they should instruct members not to access such materials.

Digital citizenship: Club members shall conduct themselves online in a manner that is aligned with the Boys & Girls Clubs of the Kenai Peninsula Code of Conduct. The same rules and guidelines members are expected to follow offline (i.e., in the real world) shall also be followed when online. Should a member behave online in a manner

Technology Acceptable Use Policy (Page 3 of 5)

that violates the Boys & Girls Clubs of the Kenai Peninsula Code of Conduct, that member shall face the same discipline policy and actions they would if their behavior had happened within the physical Club environment.

Club-owned-and-operated technology: Members are expected to follow the same rules and guidelines when using Club-owned technology. Club technology and systems are the property of the Club, are intended to be used for Club purposes and are to be used during approved times with appropriate supervision. Club members shall never access or use Club technology or systems without prior approval.

Digital citizenship and technology safety training: All members who wish to use a Boys & Girls Clubs device or equipment will be required to successfully complete a BGCA-provided digital citizenship and technology safety training. This training is required for all members annually.

Transportation Policy (Page 1 of 2)

Boys & Girls Clubs of the Kenai Peninsula is committed to providing a safe environment and enforces the following transportation policy for members, staff, volunteers, and other adults. Boys & Girls Clubs of the Kenai Peninsula only provides transportation to and from the Clubhouse and various approved off-site locations. The Club only transports youth in Club vehicles or other vehicles approved by Club leadership.

DRIVERS:

- Must allow for DMV background check and be cleared to transport youth per the barrier crime policy of the organization.
- Must keep an updated list of all youth who are transported to and from the Clubhouse and Club- related activities.
- Must confirm that no children are left on a vehicle after every trip (based on a seat-by-seat scan of each vehicle); log must be signed daily to ensure compliance.
- Must perform regular checks to ensure that all members are picked up and dropped off at the appropriate times and locations.
- Must submit written reports detailing issues or incidents involving transportation of members to and from the Clubhouse or to and from Club-related activities.
- Must only transport members in official Club vehicles.
- Must ensure that at least three individuals are present when transporting members. If one child remains to be dropped off, two adults (18 or over) must be present in vehicle.
- Must never transport Club members in personal vehicles.
- Must never use cell phones, PDAs or other communication devices while transporting members to and from the Clubhouse or Club-related activities.

VEHICLE

- Each agency vehicle should meet all local, state, and federal inspection and licensing requirements.
- Each vehicle should be inspected as outlined by DMV by staff before every trip for which youth are being transported; any problems with the vehicle must be addressed promptly.
- Regular maintenance should be performed on vehicles and documents/records reflecting that maintenance should be maintained.
- Each vehicle must provide a seat belt for every passenger and fully comply with state and federal seat belt regulations.
- Each vehicle must have a complete first-aid kit that satisfies state licensing requirements.
- Each vehicle must have a working and current fire extinguisher that satisfies state licensing requirements.
- Each vehicle must have reflective traffic warning signs (e.g., triangles or flares) that are stored securely during transport.

SHARED-USE RESTROOMS

- On a field trip or when using a public restroom, youth shall never enter the restroom alone unless it is a single-stall restroom that is empty.
- Youth shall follow the “rule of three” in using public restrooms, with at least two youth and an adult walking to the restrooms and three youth entering a multi-stall facility together. The adult will remain outside the restroom door to provide auditory surveillance.
- Whenever possible, staff/volunteers will monitor and clear public restrooms before use by members to ensure that the facility is free of adults – and clear of youth not involved in the Club program – before allowing youth to use the facilities. Alternatively, staff members will stand in the restroom doorway and/or hold the door at least partially open when supervising member use of public restrooms. Staff may position themselves inside the restroom near the sinks if positioning at the door is not feasible or is deemed

- In a shared-use facility, Boys & Girls Clubs will utilize the best practice of shutting the exterior door to the restroom and using an “Occupied” sign outside of the door to alert others that they must wait until Club members have exited the restroom before they can enter.

ACCIDENT OR EMERGENCY PROTOCOL

- Driver should immediately notify Club leadership if there is a delay or issue (e.g., breakdown, accident, emergency) with transporting members to and from the Clubhouse or Club-related activities.

Emergency: An emergency is any event, natural or man-made, whether expected or unexpected, that places life or significant Club assets in danger or threatens the ability to conduct normal business operations and usually involves abnormal time constraints and resource responses.

Mitigation: Mitigation is the effort to reduce loss of life and property by lessening the impact of disasters or emergencies. For mitigation to be effective, we need to take action now — before the next emergency occurs — to reduce human and financial consequences later.

An effective emergency plan should include steps to ensure that those with disabilities or special needs are provided with a proper evacuation strategy.
